THE HOLY FUXN

BEEF CUTS

The Fuxn quality seal guarantees a beef aging process of at least 8 weeks, 2 of which as a whole (on the bone), and then another 6 weeks in our Fuxn Dry-Ager until the desired aging stage has been accomplished.

For our beef specialties, only female calves and free-range oxes are selected by local farmers. The so-called "English" (spine) is matured as a whole on the bone and served as Rib-Eye, Entrecôte and Filet.

FUXN BEER SELECTION
FRESH FROM THE TAP

FUXN – SALZBURGER VOLKSBIER

The bottom-fermented brewing process performed in the organic brewery Gusswerk is skillfully combined with the refreshing and expressive flavour of the American breed of hops „Citra“. This modern freshness on your palate makes the Fuxn own-brand beer what it is: **OUR beer**.

TEGERNSEER BLONDE

In the glass it looks like a painting: yellow-gold with a very solid head. Lively and thoroughly malty.

The rich first taste is accompanied by a hearty, hoppy undertone.

Our freshly
tapped beers are
also available as
a „Schnitt“ (small

ORIGINAL BUDWEISER

The gourmet's lager: the female umbels of the exquisite Saazer hops, natural spring water, selected malt from Mähren and a brewing tradition of 700 years account for this beer for real connoisseurs.

TRUMER PILS

The classic pils from Obertrum wins your heart with its extraordinary quality. Organic hops from selected farmers, clear water from the brewery's own spring, and an open fermentation take this beer to the top of the pils-ladder.
